PROJECTS

Responsive Website Development   **Jan 2025 - Feb 2025**

- **Designed and developed** a fully responsive website using **HTML and CSS**, demonstrating strong front-end development skills.
- **Implemented a custom scrollbar** to enhance user experience and improve the visual appeal of the website.
- **Integrated a background image** seamlessly to complement the website's design aesthetics.
- **Focused on user interface (UI) and user experience (UX) principles** to ensure a smooth and interactive browsing experience.
- **Ensured cross-device and cross-browser compatibility**, making the website accessible on various screen sizes.
- **Applied structured layout and styling techniques** to maintain a clean and professional web design.

Amazon Clone

Tech Stack: HTML, CSS.

Description:
Developed a responsive **Amazon e-commerce homepage clone** using only HTML and CSS, replicating the design and layout of the original Amazon website.

Key Features:
- Fully responsive design (compatible with desktop & mobile).
- Navigation bar with logo, search bar, and menu layout.
- Product grid with cards showing product images, titles, and styling.
- Footer and header sections similar to Amazon's official site.
- Used **CSS Flexbox and Grid** for modern, clean layout structuring.
- Added **hover effects, transitions, and media queries** for better user experience.

LANGUAGES

English | Hindi

INTERNSHIPS

YBI FOUNDATION   **Jul 2024 - Aug 2024**

- **Intern | YBI Foundation**
- **Course: Data Science & AI/ML**
- **(Duration: [2 weeks], Year: [2024])**
- **Gained hands-on experience in Data Science, Artificial Intelligence,**

and Machine Learning.
- **Worked on real-world datasets, implementing machine learning models and data preprocessing techniques.**
- **Developed predictive analytics solutions using Python, libraries like Pandas, NumPy, and Scikit-learn.**
- **Enhanced problem-solving and analytical skills through practical projects and case studies.**
- **Collaborated with mentors and peers to improve model accuracy and optimize algorithms.**

HOBBIES

Reading Books
Playing cricket(enjoying both bowling and fielding)
Exploring new technologies and staying updated with the latest trends in development.

DECLARATION

I hereby declare that all the information given above is true and correct to the best of my knowledge.
